Overview HR Analytics Certification

Ranked #3 among management institutes in India (NIRF 2023), IIM Kozhikode offers this fully online HR Analytics Certification Course, ensuring a seamless balance between work and learning.

The program features 280+ hours of learning, 20+ live sessions, and 3+ industry projects, guided by world-class faculty. Highlights include offline networking events, cutting-edge curriculum, hands-on training in Tableau, Excel, and Power BI, and a certification from IIM Kozhikode.

Graduates also secure Power BI proficiency certification for technical and business mastery.

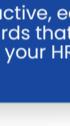

What You'll Learn from the IIM Kozhikode HR Analytics Certification

The Online HR Analytics Certification Course by IIM Kozhikode is more than just theory – it's about building real, practical skills that you can apply at work from day one. If you're aiming to lead smarter HR decisions backed by data, this course is designed with you in mind.

Strategic HR Thinking

Learn how to align HR goals with business strategy so you're not just managing people – you're helping drive company growth.

HR Dashboarding & Data Skills

Get hands-on with tools like Tableau, Excel, and Power BI to turn raw HR data into visual insights your team can actually use.

Smart Workforce Planning & Hiring

Understand how to predict staffing needs and attract the right talent before the gap even appears.

Retention That Actually Works

Go beyond basic perks. Discover smart, modern strategies to reduce employee turnover and keep your top performers engaged.

Making Sense of Talent Analytics

Use data to assess employee performance and potential, helping you make better decisions on promotions, training, and development.

Crafting Compensation Plans

Design salary structures that are competitive and fair – ones that keep your team motivated and sticking around.

Tools you'll learn in this HR Analytics Certification Course:

Learn to build interactive, easy-to-understand dashboards that uncover hidden patterns in your HR data.

Learn to build interactive, easy-to-understand dashboards that uncover hidden patterns in your HR data.
